Autumn 2024 Conference: Fleetwood's Heritage and Modern Seafaring

This Autumn we make our first visit to Fleetwood, centre of the North West Fishing Industry. Following on from our Spring Conference in Hull (but standing on its own merits) we look at the relationship the Fishing Industry has with the local community, the more recent developments in the trade and the impact of UK and EU legislation on the industry together with an update on training and opportunities for seafarers.

Wednesday 16 October 2024

Fleetwood Museum, 6-7 Queen's Terrace, Fleetwood, Lancs, FY7 6BT
